AI IMAGING ANALYSIS SEMINAR

Learn how AI Image Analysis can help your research

Using state-of-the-art, AI-first software architecture, Aivia is a uniquely innovative and complete 2-to-5D image visualization, analysis and interpretation platform designed for the reliable processing and reconstruction of highly complex images in just minutes.

- » Make AI-enhanced image analysis accessible for all – with no computer science expertise required.
- » Leverage machine learning capabilities to generate robust and reproducible segmentation results.
- » Realize powerful and fast 2–5D visualization and analysis to unleash the value of your data – all within a single platform

Leica Imaging Technology Webinar: See live analysis on your data with a specialist (online):
15.04.2026 10:00 - 12:30
28.04. - 29.04.2026: 09:00 - 17:30
